**EACH PERSON WILL BE RESPONSIBLE FOR THEMSELVES**, including parking, driving carefully and not doing anything illegal. Please make a point to show that OUR CULTURE can rally for their causes BETTER! Please take your signs and trash with you. Politely remind each other. Do not disrupt traffic or parking illegally, but purely by law-abiding volume of participation.

*Rally & Protest*

**THERE IS NO ONE ORGANIZER OR GROUP** for this crowd-sourced gathering, but there are many people from many places and interests involved in getting the word out. This is VERY SIMPLY a bit of a FLASH MOB with people and vehicles perpetuated by social media, email, text and phone. Legal concealed carry is encouraged, but mainain focus on the cause - there will be future 2nd Amendment rallies where open carry is a better fit for the goals.

**ALL COMMUNICATIONS** will happen on **FACEBOOK** before and during the event:
